Rules and information for players

- There will be 15 events in the cup of which only your 14 best results will count towards your total points
- Every Sunday for 15 weeks from September 1 until December 15 at 20:00 EEST a new event will start in a completely new level. You can download it from the Events section.
- You will have time until the following Sunday 18:00 EEST to play the level and submit your best result (.rec file) on <http://elmaonline.net/statistics/cups/4>
- Results of each event are announced live in #wc6 on IRCnet at 19:00 EEST and on the websites after that
- You can upload as many replays as you want for an event (only the best one is needed).
- You must use the latest version of Elasto Mania Online for playing. It is required that you are connected to the server in order to get into the results. Register and download it on elmaonline.net. Tips for playing cups in EOL: http://wiki.elmaonline.net/Website_Help:_Cups
- Bugs, cheating and other illegal things are not allowed.
- If two or more people get the same time, they will all get equal points which are e.g. $(75+70) / 2 = 72,5$.
- Make sure you submit your result in time. Exceeding the event deadline (that will be shown in events section too) can result in time/result add-ons or disqualifying (for that event).
- Top 3 at the end of the cup are awarded custom trophies, there may be diplomas for Top 10 (depends on the donations collected)

Rules for level designers

- Make sure you do NOT play your level online without locking it – that would make it public before the cup and automatically ineligible for inclusion
- Do not submit old levels or levels that people other than you have seen before the cup
- As in past cups you are allowed to play your own levels during the cup if they are included
